

AUTO BANK DRAFT FAQ

FCS Parent/Guardian,

Beginning in the 2020-2021 school year, all tuition payments will be automated via QuickBooks. This change was mandated by the FCS School Board and keeps FCS moving in the direction of our mission.

Here are some FAQs about this change.

-Where is my information kept?

Documents will only be accessed by the finance department as needed to conduct official business. They will be maintained in a locked filing cabinet, in a locked room.

-What if I cannot pay on the first of the month?

You may choose to contact the office to discuss selecting a different day on which to have funds withdrawn. This will be a consistent day of the month.

-Do I have another option?

Yes! If you choose to, you may place a credit card on file to be automatically charged. This will incur an additional fee (a percentage) to you.

You may also choose to opt out of automated payments by paying the semester or year in full. This can be done by cash, check, or credit card (incurs an additional fee).
